

15th Jena Volunteers' Day

14th September 2019 from 10:00 AM

...is a day of action for voluntary commitment to the city of Jena. On this day we are looking for you as **volunteer helpers** to make our city Jena better place.

As a volunteer, you will have the opportunity to experience voluntarily commitment. Doing so you will be helping associations to accomplish projects or tasks for which there are lack of resources otherwise. E.g. helping with decoration work in the kindergarten, repairing bicycles or cleaning up small streams. There are varieties of areas where you can help.

You can **register with us** and take care that Jena will become more open and more colourful. Doing so you will work with motivated and open-minded people of any age.

You can meet all participants at the "Alte Rathaus" (old town hall) from 6:00 PM where you can exchange impressions with music and food.
